

## **Junior researcher in Polymeric electrodes for Sodium batteries**

A temporary research contract in Chemistry is available in the group of Prof. David Mecerreyes (<http://www.polymat.eu/en/groups/innovative-polymers-group>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa ([www.polymat.eu](http://www.polymat.eu)).

Applicants must have a BSc in Chemistry with extensive and proven research experience in conducting polymers and electrochemical characterization.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, write reports, and papers.

Applications should be addressed to Prof. David Mecerreyes and sent via email in one single PDF to [edurne.gaston@ehu.eus](mailto:edurne.gaston@ehu.eus) before December 17<sup>th</sup>, 2021 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

Please note that because of the large number of applications expected, we will not be able to give individual feedback to unsuccessful applications.

*POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.*
