

Postdoctoral Fellowship in Macromolecular Science and Engineering

A **Postdoctoral Fellowship** in Macromolecular Science and Engineering is available at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa, Catalysis and Sustainable Polymer Group (<https://www.polymat.eu/en/groups/Catalysis-and-Sustainable-Polymers>), under the direction of affiliated Professor Timothy E. Long (<https://biodesign.asu.edu/timothy-long>).

Applicants must have a Ph.D. (or equivalent) in Chemistry, Macromolecular Science and Engineering, Material Science and Engineering or Chemical Engineering with extensive and proven research experience in the synthesis, characterization, and processing of polymers.

Good command of written and spoken English is a must (if preselected, a telephone interview will be conducted before any other appointment is made). The selected candidate is expected to conduct laboratory research, write reports, and peer-reviewed manuscripts. The selected candidate will also assist in the leadership of the Long research group.

The position is a one-year position with the opportunity for renewal for a subsequent years depending on mutual interest.

Applications should be addressed to Prof. Timothy E. Long and sent via email in one single PDF to haritz.sardon@ehu.eus & edurne.gaston@ehu.eus before August 08, 2022. Applications must contain the title of the position on the email subject and include:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

Applications will be considered upon arrival.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
