

3-Year Postdoctoral Fellowship in Synthesis of Polymer for Batteries

A **3-Year Postdoctoral Fellowship** is available in the Innovative Polymers group (<http://www.polymat.eu/en/groups/innovative-polymers-group>) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa (www.polymat.eu), from June 2024 onwards.

Applicants must have a PhD (or equivalent) in Chemistry with extensive and proven research experience in polymer synthesis. In addition experience with (semi)conducting polymers and electrochemistry will be valued.

Good command of written and spoken English and team working skills is a must (if preselected, a telephone interview will be carried out before any other appointment is made). The selected candidate is expected to conduct research, participate in collaborative projects, write reports and scientific articles.

Applications should be addressed to Dr. Nerea Casado and sent via email in one single PDF to nerea.casado@ehu.eus before April 15th, 2024 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a description of previous research (1-2 pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

Please note that because of the large number of applications expected, we will not be able to give individual feedback to unsuccessful applications.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
