

PhD Fellowship in Chemistry

A PhD Fellowship in Chemistry is available (in the group of Polymers and Sustainability) at the Basque Center for Macromolecular Design and Engineering, POLYMAT Fundazioa (www.polymat.eu).

Applicants must have a BSc and MSc in Chemistry with a strong background in polymers and previous experience in polymer chemistry and polymer physics. The project is focused on the development of polymeric materials for food packaging applications.

Good command of written and spoken English is a must (if preselected, a telephone interview will be carried out before any other appointment is made).

The selected candidate is expected to conduct research, write papers, and deliver a PhD thesis.

Applications should be addressed to Dr. Ainara Sangroniz and sent via email in one single PDF to ainara.sangroniz@ehu.eus before the 30 September 2023 (applications will be considered upon arrival) including:

- (i) a cover letter highlighting their interest in the position.
- (ii) curriculum vitae.
- (iii) a short description of previous research (1-2 Pages).
- (iv) the names and contact addresses (e-mail) of two academic referees.

POLYMAT has obtained the 'HR Excellence in Research award'. The award reflects our commitment to continuously improve our human resource policies in line with the European Charter for Researchers, the Code of Conduct for the Recruitment of Researchers and our commitment to achieve fair and transparent recruitment and appraisal procedures.
